**Internet advertising description:**

Local BC trade-in, fully loaded Audi A6 4.2 Quattro AWD sold new at Clarkdale Audi in Vancouver and then privately to second owner in Kelowna in 2005. The original MSRP was \$72,400 on this fully loaded Audi! Car was just traded in to our Lexus dealership on a brand new 2012 RX 350 SUV. Very well cared for luxury sedan with service records and all keys and owners manuals. Even came back to us with the original VHS tape on the A6 from 2001! This car is likely the nicest condition A6 in the province! Beautiful condition black leather interior and wood trim make this car look only 5 years old instead of 11! Comes with fog lights, traction control, Quattro AWD, dual zone climate, rear window blind, side window blinds, memory seats, htd seats, upgraded factory BOSE sound system, 17" alloys, CD, sunroof, and auto transmission with tiptronic shifting. Audi maintenance service completed at 126,800kms including new battery, all fluids changed, and new wipers. Very well cared for care mechanically and cosmetically. Not smoked in and has never had pets inside. Car has been registered and driven in BC since new. Comes with newer Nokian a/s rated tires. Excellent pre-owned AWD Audi A6 4.2.
